

drinking water delivery options. Only 8.3% said they would rather have their drinking water from a water utility company. This legislation gives consumers the ability to pay for new or refurbished individual household water well systems with convenient monthly payments, like other utility bills.

It is my understanding, Mr. Speaker, that organizations like the National Ground Water Association, a group that has a long and distinguished record preserving and protecting America's precious ground water resources, strongly endorses this legislation. It is my hope that other organizations and communities that support common sense, innovative approaches to providing affordable, safe water to rural Americans will also endorse the Affordable Drinking Water Act of 2000.

I urge my colleagues to support this legislation that provides a cost-effective alternative to meeting the drinking water needs of rural America.

IVANPAH VALLEY AIRPORT PUBLIC LANDS TRANSFER ACT

SPEECH OF

HON. JIM GIBBONS

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 9, 2000

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 1695) to provide for the conveyance of certain Federal public lands in the Ivanpah Valley, Nevada, to Clark County, Nevada, for the development of an airport facility, and for other purposes:

Mr. GIBBONS. Mr. Chairman, I include the following letters of support for H.R. 1695, the Ivanpah Valley Airport Public Lands Transfer Act.

AIRPORTS COUNCIL
INTERNATIONAL,
Washington, DC, March 7, 2000.

DEAR MEMBER OF CONGRESS: Airports Council International-North America urges your strong support of H.R. 1695, the Ivanpah Valley Airport Public Lands Transfer Act. This legislation would enable the Clark County, Nevada Department of Aviation to buy 6,500 of federal land for a new airport to serve Las Vegas.

The number of air passengers traveling in the United States is expected to increase from less than 700 million to over a billion in just a few short years. We need to add airport capacity across the nation to accommodate this growth.

Air traffic at Las Vegas McCarran International airport grew 11 percent last year alone, creating the prospect of significant future delays if new runway and terminal facilities are not built. Las Vegas is currently the tenth busiest airport in the nation with connections to over 50 other cities. Delays in Las Vegas will mean delays in other cities as well.

The FAA Reauthorization package agreed to by the conferees this week provides airports with much of the funding they require to meet tomorrow's needs. In order for this important work to be done, airports such as Las Vegas must be able to overcome the environmental opposition to their expansion projects. Existing airports all across the nation are facing congestion in terminals and on runways. New airport capacity is needed today.

We urge you to support H.R. 1695.

Sincerely,

JEFFREY GOODELL,
Vice President, Government Affairs.

AMERICAN ASSOCIATION
OF AIRPORT EXECUTIVES,
Alexandria, VA, March 3, 2000.

Hon. JAMES GIBBONS,
*U.S. Representative, Cannon House Office
Building, Washington, DC.*

DEAR REPRESENTATIVE GIBBONS: The U.S. House of Representatives will shortly be considering H.R. 1695, which would permit Clark County, Nevada to purchase 6,500 acres of federal land in the Ivanpah Valley for a future commercial airport site. Your support, and that of your colleagues, is critical to ensuring the continued economic vitality of Southern Nevada well into the 21st Century.

Passenger traffic at McCarran International Airport has been increasing for the past 16 consecutive months. During that period, passenger enplanements have risen by over 11 percent. Continued growth, at even a moderate rate, will bring the Airport to its effective capacity by 2012. The Clark County Department of Aviation estimates it will take at least seven years to plan, design and construct the new airport. I think you will agree that prompt congressional action is critical.

The Ivanpah Valley is the best location for a future second airport to serve the Las Vegas metropolitan area. The proposed location is 35 miles from the heart of the Las Vegas valley, between Jean and Prim, Nevada. Also, it is bounded by Interstate Highway 15 and main line of the Union Pacific Railroad, giving the new airport excellent and essential multimodal/intermodal surface access opportunities.

Thank you again for your support and assistance. If further information is desired, please do not hesitate to contact Randall H. Walker, Director of Aviation at (702) 261-5150.

Sincerely yours,

TODD HAUTLI,
*Senior Vice President for
Policy and Government Affairs.*

LAS VEGAS
CHAMBER OF COMMERCE

RESOLUTION IN SUPPORT OF IVANPAH AIRPORT
LAND SALE

Whereas, visitors from outside the state directly and indirectly account for more than half the state's economic activity thereby constituting the economic lifeblood of Nevada; and

Whereas, airline passengers constitute nearly 50% of the visitors to the Las Vegas Valley and this percentage is likely to increase as Las Vegas adds to its presence as a gateway for international travelers; and

Whereas, McCarran International Airport has a capacity to handle 55 million passengers annually. In 1999, over 33.6 million passengers used McCarran and growth projections indicated the Airport could reach its capacity by the end of this decade; and

Whereas, having explored numerous options, the Clark County Department of Aviation believes the Ivanpah Valley offers the only feasible location for a second airport to service commercial air cargo and passenger traffic; and

Whereas, the County has committed to pay the Bureau of Land Management fair market value for the property, conduct an airspace analysis to minimize overflights of the Mojave National Preserve, and draft a thorough Environmental Impact Statement prior to initiating construction of the Ivanpah Valley Airport; now, therefore, be it

Resolved, the Las Vegas Chamber of Commerce endorses and supports the Department

of Aviation's efforts to acquire Ivanpah Valley land for an airport; and be it further

Resolved, that the Las Vegas Chamber of Commerce as the representative of more than 6,000 member businesses in Southern Nevada, encourages the House of Representatives to pass H.R. 1695, providing the Bureau of Land Management with the authority to sell the identified land in the Ivanpah Valley to Clark County; and be it further

Resolved, that copies of this Resolution be transmitted to Nevada's Congressional delegation.

DONALD L. "PAT" SHALMY,
President General Manager.

Hon. JAMES GIBBONS,
*U.S. Representative, 100 Cannon House Office

DEAR CONGRESSMAN JIM GIBBONS: As you are well aware, the House of Representatives will shortly consider H.R. 1695, which will permit Clark County, Nevada to purchase 6,500 acres of federal land in the Ivanpah Valley for a future commercial airport site.

I'm writing to encourage your support, and that of your colleagues, for this important piece of legislation. It is our belief that this bill is critical in order to ensure the continued economic vitality of Southern Nevada for decades to come. In just the last 16 months McCarran International Airport has seen an 11% increase in passenger traffic and will reach its effective capacity by the year 2012. Given the time constraints and requirements to plan, design and construct such a complex structure, the ability to acquire the site through immediate passage is crucial.

As a company that develops large tracts of land into master-planned communities, we're well acquainted with the limited land availability in the Las Vegas area and we believe the Ivanpah Valley is the best location for a future second airport. Also, immediate freeway access makes it an ideal location.

Additionally, we support the Clark County Department of Aviation's attempt to purchase these needed lands from the BLM. It is our understanding that they will pay for these lands at an agreed upon value based upon appraisals acceptable to both the BLM and the airport.

Therefore, we join with other community business leaders and agencies in encouraging your active support of this legislation. We are prepared to assist in moving this legislation forward.

I look forward to seeing you again in the near future.

Sincerely,

SCOTT HIGGINSON,

*Vice President,
Government Affairs.*

Re S. 1964 and H.R. 3705.

Hon. JIM GIBBONS,
*Longworth House Office Building,
Washington, DC.*

DEAR CONGRESSMAN GIBBONS: I would like to let you know that I am in full support of the above referenced legislation. As you know Henderson's Sky Harbor Airport currently is a reliever airport of small aircraft from the McCarran air space and air traffic. As this region continues to grow, our modes of effective and efficient transportation become an increasingly important part of maintaining and improving our economic strength.

The Clark County Department of Aviation staff has identified the Ivanpah Valley Airport as the prime location for future air transportation into this region. This new airport is absolutely critical for the Depart-

ment of Aviation to fulfill its mission of never allowing the lack of airport infrastructure to be an impediment to people coming to visit Las Vegas, the Grand Canyon or other destinations in this region. I would like to thank you for your efforts to date regarding this legislation and would encourage you to continue to make every effort to seek passage this session.

Legislation of this type is visionary and will help ensure a bright future for Southern Nevada.

Sincerely,

JAMES B. GIBSON,

Mayor.

HOTEL EMPLOYEES & RESTAURANT

EMPLOYEES INTERNATIONAL UNION,

Washington, DC, March 7, 2000.

Hon. SHELLEY BERKLEY,
*Longworth House Office Building,
Washington, DC.*

DEAR CONGRESSWOMAN BERKLEY: On behalf of the Hotel Employees and Restaurant Employees International Union I want to convey support for enactment of H.R. 1965, the Ivanpah Valley Airport Public Lands Transfer Act. This bill will facilitate the purchase of federal land approximately 35 miles south of Las Vegas for the construction of an additional airport to serve southern Nevada. The phenomenal growth of the Las Vegas economy has in turn triggered double digit growth at McCarran International Airport.

It is vitally important that the transportation infrastructure be able to keep pace with growth in the hotel industry. This bill is important if the tourist based economy of Las Vegas is expected to continue to provide good paying employment opportunities. I urge you and your colleagues in the Congress to enact H.R. 1965 without amendment to pave the way for a second airport for southern Nevada.

Thank you.

Sincerely,

JOHN W. WILHELM,

General President.

Hon. JAMES GIBBONS,
*U.S. Representative, Cannon House Office
Building, Washington, DC.*

DEAR CONGRESSMAN GIBBONS: On behalf of Nevada Service Employees Union, SEIU, Local 1107, we are writing to communicate our support for the enactment of H.R. 1965, the Ivanpah Valley Airport Public Lands Transfer Act.

This bill is of extreme importance to the community and is strongly supported by the membership of NSEU, SEIU, Local 1107.

It is our belief that the Ivanpah Valley is the best location for a second airport to serve the Las Vegas metropolitan area.

It is our further belief that the construction of this additional facility is critical with respect to ensuring the continued economic growth of Southern Nevada in that the additional airport will be able to accommodate the needs of Southern Nevada's vital industries.

Accordingly, we urge your colleagues to enact H.R. 1965.

Thank you in advance for your attention in this matter.

Sincerely,

VICKY HEDDERMAN,
President.

INTRODUCTION OF CORAL REEF CONSERVATION LEGISLATION

HON. ENI F.H. FALEOMAVAEGA

OF AMERICAN SAMOA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 14, 2000

Mr. FALEOMAVAEGA. I am pleased to rise today with my good friend from New Jersey, the Chairman of the Fisheries Conservation, Wildlife and Oceans Subcommittee, Mr. SAXTON, to introduce bipartisan legislation to authorize a coral reef conservation program.

For many people, coral reefs are distant marine environments that they might never come in contact with unless they are fortunate enough to go on a tropical vacation. For too long now, as a Nation we have enjoyed the biological wealth provided by coral reefs, but failed in our obligations to devote the resources necessary to protect these vital treasures. While these precious ecosystems appeared to be in balance until not long ago, today human activities have significantly altered that balance—much to the detriment of the corals, and much to the demise of people who depend on coral reefs to sustain their communities and economies.

Unlike many other members of Congress, I come from a place where the coral reefs are essential to the very fabric of everyday life. Until recently, those of us from the Pacific islands have literally lived off our reefs and the surrounding local lands. We have recognized
